USC Davidson Conference Center
University Park Campus
Friday – Saturday
November 22 – 23, 2013
8:30am – 5:00pm

USC TWELFTH INTERNATIONAL ENDODONTIC SYMPOSIUM
CLINICAL AND BIOLOGICAL CONCEPTS OF MODERN ENDODONTICS

Friday, November 22, 2013

8:00am - 8:55am	Registration
8:55am - 9:00am	Opening Remarks
9:00am - 10:30am	Endodontics on the edge <i>Dr. Michiel de Cleen</i>
10:30am - 10:45am	Break
10:45am - 12:15pm	Role of root canal instrumentation in microbial control of infected root canals <i>Dr. Martin Trope</i>
12:15pm - 1:15pm	Break
1:15pm - 2:00pm	Tribute to Dr. James H.S. Simon
2:00pm - 3:30pm	Hard tissue pathology of potential significance to the endodontist <i>Dr. Parish Sedghizadeh</i>
3:30pm - 3:45pm	Break
3:45pm - 5:15pm	Update on regenerative endodontics <i>Dr. Ken Hargreaves</i>
5:15pm - 5:30pm	Panel Discussion

Saturday, November 23, 2013

9:00am - 10:30am	Failing before starting: When NOT to do endodontic treatment <i>Dr. Louis Berman</i>
10:30am - 10:45am	Break
10:45am - 12:15pm	Pulpal response to deep caries and pulp capping <i>Dr. Domenico Ricucci</i>
12:15pm - 1:30pm	Break
1:30pm - 3:00pm	Psychosocial aspects of endodontics <i>Dr. Shane White</i>
3:00pm - 3:15pm	Break
3:15pm - 4:45pm	Growth factors for dentin regeneration <i>Dr. Khalid Al-Hezaimi</i>
4:45pm - 5:00pm	Panel Discussion
