The USC 16th International Endodontic Symposium  
December 8-9, 2017

Program

Friday, December 8, 2017

8:00am – 8:50am  Registration
8:50am – 9:00am  Opening Remarks
9:00am – 10:30am  Use of CBCT in Endodontics: Volumetric analysis of apical periodontitis.  
Dr. Martin Levin
10:30am – 10:45am  Break
10:45am – 12:15pm  Hot mandibular molar: Pain control in symptomatic irreversible pulpitis.  
Dr. Stanley Malamed
12:15pm - 1:30pm  Break
1:30pm – 3:00pm  Non-surgical retreatment of apicected teeth with persisting lesions.  
Dr. Michael Hüelsmann
3:00pm - 3:15pm  Break
3:15pm – 4:45pm  Treatment options for failed root canal treated teeth.  
Dr. Mahmoud Torabinejad
4:45pm – 5:00pm  Panel Discussion

</table>
| 9:00am – 10:30am | **Restoration of the endodontically treated tooth.**  
Dr. Harel Simon |
| 10:30am – 10:45am | Break                                                                 |
| 10:45am – 12:15pm | **Regenerative endodontic procedures: Are we really regenerating the dentin-pulp complex?**  
Dr. Domenico Ricucci |
| 12:15pm – 1:30pm | Break                                                                 |
| 1:30pm – 3:00pm | **Strategies for successful apical barrier approaches.**  
Dr. Fabricio Teixeira |
| 3:00pm - 3:15pm | Break                                                                 |
| 3:15pm – 4:45pm | **Endodontic treatment in the pediatric and adolescent patient.**  
Dr. Enrique Bimstein |
| 4:45pm – 5:00pm | Panel Discussion                                                        |
