Part II - Hands-On:
Saturday - Sunday,
July 19 - 20, 2014

Part III - Lecture & Hands-On:
Monday, July 21, 2014

★ Life-Long Tradition and Excellence ★
This four-day Advanced Dental Hygiene Clinical Techniques Workshop is a comprehensive hands-on update on the latest, cutting edge clinical techniques. Conceived and conducted by renowned members of the USC Faculty, this unique series of courses will provide close individualized instruction in advanced hand instrumentation, advanced ultrasonic instrumentation, and periodontal endoscopy.

An ideal in-depth experience for development of dental hygiene faculty members as well as private practitioners, this workshop will be the best post-graduate clinical continuing education program ever offered for dental hygienists. It was designed for clinicians and educators who want to keep abreast of the newest technologies, newest products and newest techniques. Whether you graduated last year or thirty years ago, do not miss this opportunity to greatly enhance your knowledge and become more current and confident with your clinical skills than before in your career.

### Program Overview

**Part I**
Friday, July 18, 2014
9:00am - 5:00pm
Advanced Periodontal Instrumentation
Lecture
Anna Pattison, RDH, MS
In the past five years significant developments in new high-tech devices, new hand instruments and ultrasonic tips have changed the way we practice. This presentation for dental hygienists and dentists provides detailed up-to-date information on new instruments and the latest techniques that will enhance your ability to recognize and treat patients with moderate to advanced periodontitis. Videos recorded with the dental endoscope will reveal the action of various ultrasonic tips and hand instruments on calculus.

**Part II**
Saturday - Sunday, July 19 - 20, 2014
9:00am - 5:00pm
Advanced Periodontal Instrumentation Hands-On*
Anna Pattison, RDH, MS and Dental Hygiene Faculty
This two day laboratory course for dental hygienists and dentists is designed to enhance your periodontal instrumentation, enabling you to treat patients with greater skill and confidence. This intensive hands-on experience features continuous TV demonstration by Anna Pattison plus a team of experienced instructors attentive to individualized instruction throughout the two days.

**Part III**
Monday, July 21, 2014
8:00am - 12:00pm
Ultrasonics - Lecture & Lab
Donna Smith, BSDH, MEd
This lecture and hands-on laboratory course for dental hygienists and dentists on ultrasonic equipment and techniques will allow you to use and evaluate several different magnetostrictive and piezoelectric ultrasonic units with hands on instruction.

1:00pm - 5:00pm
Perioscopy - Lecture & Lab
Gayle Myers, BS, RDH
This lecture and hands-on laboratory course for dental hygienists and dentists on periodontal endoscopy (perioscopy) describes how the use of the dental endoscope can enhance your ability to perform periodontal instrumentation with a new understanding and a renewed vision for your profession.

* Registrants for Part II must have attended Part I or another full-day Advanced Periodontal Instrumentation lecture course by Anna Pattison within the past three years as the Part II workshop teaches skills which build on concepts presented in the Part I (full-day) lecture course. (Documented proof of attendance required.)

Note: Participants are asked to bring safety glasses and gloves. It is advisable for attendees to not wear white clothing. Typodonts, poles, and complete instrument kits will be provided for use only during the course.
