14 Hours of Continuing Education

Registration Fees

Before July 1, 2014
Dentist: $1,395
Auxiliary: $895

After July 1, 2014
Dentist: $1,495
Auxiliary: $975

Fees include course material, continental breakfast, lunch, and refreshments during breaks.

Refunds are granted only if a written cancellation notification is received at least 14 days before the course. 50% of the tuition minus processing fee will be refunded if cancellation occurs within 7 days before this course. No refund is granted afterwards. A $75 fee is withheld for processing. For additional registrations, xerox this form and send.

Upcoming Events

ESTHETIC UPDATE IN ADHESIVE DENTISTRY
Module II - Lecture & Hands-On: Friday - Saturday, June 20 - 21, 2014

LEARNING IMPLANT DENTISTRY
FOR THE RESTORATIVE DENTIST
Saturday, May 3, 2014

EXTRACTION SITE MANAGEMENT: FROM A TO Z
Module IA: Saturday, May 3, 2014
Module IB: Saturday, May 3, 2014

PHYSICAL EVALUATION
Monday, May 5, 2014

EMERGENCY MEDICINE
Tuesday, May 6, 2014

PHARMACOLOGY
Wednesday, May 7, 2014

MONITORING AND SIM-MAN
Thursday, May 8, 2014

ADVANCED RESTORATIVE OPTIONS WITH DENTAL IMPLANTS FOR FULLY EDENTULOUS ARCHES
Part I - Lecture: Friday, May 9, 2014
Part II - Hands-On Workshop: Saturday, May 10, 2014

COMPREHENSIVE PERIODONTAL SURGERY:
ESTHETIC AND FUNCTIONAL PROCEDURES
FOR THE GENERAL PRACTITIONER
Pre Course Lecture: Thursday, May 29, 2014
Module III - Lecture & Hands-On: Sunday, June 1, 2014

ENDODONTICS FROM A TO Z: HANDS-ON WORKSHOP FOR THE GENERAL PRACTITIONER
Part II: Friday - Sunday, June 27 - 29, 2014

3 + 1 Free CE Program
The More You Learn, The More You Earn!
Take any 3 CE courses between January and December 2014 and receive another course for FREE.
This course will review the new paradigm in tooth preparation for adhesively retained direct bonded composite restorations. The principles and technique necessary to achieve predictable bonds to enamel and dentin while minimizing post-operative sensitivity will be described. In addition, a technique for placement and finishing highly esthetic layered polychromatic anterior and posterior composite restorations will be discussed. Dr. Ruiz will address the latest concepts on composite materials and the principles of smile design, color, shade-matching, and use of tints and opaquers to achieve natural exquisite looking restorations.

Participants in this hands-on course will have the opportunity to apply principles discussed during the lectures, and be able to work in USC’s famous “Sim-lab,” one of the most modern and realistic simulator facilities in California. Participants will prepare and finish posterior direct composite restorations, perform polychromatic layered, highly esthetic anterior restorations, as well as Class IV and full direct composite veneers. At the end of the course, participants can take home, bonding materials, composites, polishing supplies, and other supplies.

Upon completion of this course participants should be able to:

- Understand and apply the latest developments in composite resins
- Incorporate state-of-the-art composite and bonding techniques to their practice
- Perform diastema closures and full direct composite veneers with predictable and esthetic results
- Prepare several teeth using principles specially design for direct adhesively retained composites restoration
- Perform with predictability, esthetic, yet simple and fast class II restorations that avoid postoperative pain
- Understand and apply the principles of smile design, color and color-matching for optimum results
- Apply tints and opaquers to composite resins
