USC School of Dentistry is an ADA CERP and AGD recognized provider
Speakers

Dr. Casey Chen
Associate Professor and Co-chairman, Division of Primary Oral Health Care at the USC School of Dentistry. Dr. Chen graduated from the National Taiwan University in 1980 and obtained a certificate in Advanced Periodontology from the University of Pittsburgh, a PhD in Oral Biology from the State University of New York at Buffalo, and a DDS degree from Loma Linda University. He is very active in research of periodontal microbiology. Dr. Chen has published more than 60 papers in peer-reviewed journals, is past member of the editorial board of the Journal of Dental Research, and has served as scientific reviewer of various leading journals in periodontology, microbiology, and infectious diseases.

Topic: Current Concepts of Microbial Etiology of Periodontal Disease

Dr. Parish P. Sedghizadeh
Assistant Professor of Clinical Dentistry at the USC School of Dentistry. He received his bachelor degree in biology from UCLA, D.D.S. degree from USC and specialty training in Oral and Maxillofacial Pathology at Ohio State University, where he attained an M.S. degree in oral biology and fellowship status in the American Academy of Oral and Maxillofacial Pathology. In Ohio, Dr. Sedghizadeh was awarded fellowship in the American Cancer Society for conducting research at the Arthur G. James Cancer Hospital and Richard J. Solove Research Institute, investigating the early molecular events involved in the progression of head and neck cancer. Dr. Sedghizadeh is a Diplomate of the American Board of Oral and Maxillofacial Pathology. Dr. Sedghizadeh serves as an ad hoc reviewer for several refereed journals, and consults for companies like the Washington Post (Kaplan Test Prep®), and the Gerson Lehrman Group as a member of their Council of Healthcare Advisors. His recent research interests focus on osteonecrosis of the jaws and osteomyelitis of the jaws as well as the role of biofilms in craniofacial diseases.

Topic: Diagnosis of Head and Neck Pathology and Oral Manifestations of Systemic Diseases

Dr. Benjamin Morales Trejo
Professor at the Department of Oral and Maxillofacial Surgery, De La Salle University, School of Dentistry, Bajío, León, Guanajuato, México. He also serves as Assistant Professor at the Department of Oral and Maxillofacial Surgery, Adolfo López Mateos hospital of the Ministry of Health in Toluca, State of México. He is the Founder and Past-President of the College of Oral and Maxillofacial Surgery in Guanajuato. Dr. Morales Trejo is member of the Mexican Council of Oral and Maxillofacial Surgery and the Mexican Association of Oral and Maxillofacial Surgery.

Topic: Orthognatic Surgery and TMJ Disorders

Dr. Texar Pereyra Nobara
Dr. Pereyra Nobara received his medical degree from the National University of Mexico in 1985. He specialized in infection diseases at the General Hospital in Mexico City between 1986-1989 and received a Master degree in clinical research from the University of Guanajuato School of Medicine in 1997. Dr. Pereyra Nobara lectures extensively with focus on immunology, biochemistry, microbiology and clinical research. He holds a teaching position at De La Salle University School of Dentistry since 1995. Dr. Pereyra Nobara is a member of the American Society of Microbiology, Mexican Association of Infectology and Microbiology and the Medical Society of La Raza Medical Center.

Topic: HIV Infection Today
