Registration and online registration at www.uscdentalce.org
Saliva: A fabulous fluid with a capital H!

Our understanding of dental caries seems to change constantly, and saliva appears to be a fantastic fluid for identifying caries risk factors. However, without an accurate understanding of how saliva can change and be changed, it may be difficult to implement saliva analysis in private practice. This course provides an introduction to the exciting world of salivary diagnostics and how to analyze saliva in order to control caries in seemingly uncontrollable situations. Come find out why the course title definitely does NOT contain a typo…

Synopsis

- Identify the most predictive risk factors for caries
- Accurately collect and test saliva
- Control caries with appropriate therapeutics
- Prolong the life of restorations in all patients

This course has valuable information for the entire dental team. Please invite your dentist and coworkers to attend. Group discounts of 5 or more are available. Please call for more information.

Upon completion participants should be able to:

Registration Fees

| After February 1, 2014 | $195 |
| After February 1, 2014 | $225 |

3 + 1 Free CE Program

University of Southern California Ostrow School of Dentistry is an ADA CERP Recognized Provider.

ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry.

Brian B. Nový, DDS

Dr. Nový is an Associate Professor of Restorative Dentistry at Loma Linda University. He spends a lot of time studying plaque ecology. He serves as the Vice President of the Foundation for Worldwide Health and lectures throughout the world on advances in the science of dental caries and dental materials. The California Dental Association Foundation presented him with the Dugoni Award for “Outstanding contributions to dental education” and in 2009, the American Dental Association awarded Dr. Nový and his office the title, “Adult Preventive Care Practice of the Year.”

All speakers must disclose to the audience any proprietary, financial or other personal interest of any nature or kind, in any product, service, source and/or company, or in any firm beneficially associated therewith that will be discussed or considered during their presentation. The Ostrow School of Dentistry of USC does not view the existence of these interests or uses as implying bias or decreasing the value to participants. The Ostrow School of Dentistry of USC, along with ADA CERP, feels that this disclosure is important for the participants to form their own judgment about each presentation.
