ENDODONTICS FROM A TO Z:
A HANDS-ON WORKSHOP FOR THE GENERAL PRACTITIONER

USC School of Dentistry
Friday - Sunday, 9:00 a.m. - 5:00 p.m.
June 5 - 7, 2009 (Part I)
June 19 - 21, 2009 (Part II)
Endodontics has gone through many exciting changes in the past several years. Recent advances in technology, materials and equipment have changed the way endodontics is practiced today. These advances have made it possible to efficiently perform successful endodontic treatment with improved precision, predictable results, and with much greater patient acceptance.

This comprehensive state-of-the-art course includes series of seminars and hands-on workshops specially designed for General Dentists who wish to advance their knowledge and clinical skills in the art and science of endodontics. A team of endodontic specialists from USC School of Dentistry will thoroughly discuss evidence-based clinical and biological concepts of modern endodontic therapy. These experts will walk you, from start to finish, through all the necessary steps and processes that will enable you to enhance the way you practice endodontics so you can provide the best standards of endodontic care to your patients.

During the hands-on part of this course you will have the opportunity to apply the principles discussed by the USC team of experts and practice in our famous "Sim-Lab", one of the most modern and realistic simulator facilities in California. You will perform endodontic treatment from start to finish in both single-rooted and multi-rooted teeth and will practice endodontic retreatment. Without doubt, this course will be a complete learning experience!

 Topics to be covered

- Diagnosis and treatment planning
- Case selection in endodontics
- Endodontic emergencies
- Achieving effective anesthesia for endodontic treatment
- Management of anxiety and pain in endodontics
- Preparation for endodontic treatment
- The operating microscope and its uses in endodontics
- Current principles of endodontic access
- Canal length determination including electronic apex locators
- Root canal cleaning and shaping
- Nickel Titanium rotary instrumentation
- Canal irrigation and intracanal medication
- Procedural errors and their prevention
- Root canal obturation
- Endodontic retreatment
- Root resorptions
- Endodontic considerations of dental trauma
- Endodontic-periodontal interrelationship
- Achieving better success in endodontic cases

Upon completion of this course you will be able to

- Enhance your knowledge of the clinical and biological concepts of modern endodontics
- Successfully treat single-rooted and multi-rooted teeth
- Apply system-based approaches and state-of-the-art technology for treating your endodontic cases
- Use endodontic hand and rotary instruments safely and effectively

USC School of Dentistry is an ADA CERP and ACDE recognized provider

Refunds are granted only if a written cancellation notification is received at least 21 days before the course. 50% of the tuition minus processing fee will be refunded if cancellation occurs within 14 days before this course. No refund is granted afterwards. A $90 fee is assessed for processing. For additional information, refer to the form and send your completed registration form to the Office of Continuing Education.

Before May 1, 2009
Dentist: $2,750

After May 1, 2009
Dentist: $2,940

Fees include course material, continental breakfast, and refreshments during breaks.

Jan O’Dell, DDS, BSc
Clinical Associate Professor of Endodontics, Division of Surgical, Therapeutic and Bioengineering Sciences at the University of Southern California School of Dentistry. Dr. O’Dell maintains a private endodontic practice in San Juan Capistrano, California.

Daniel Schechter, DDS
Assistant Professor of Clinical Endodontics, Division of Surgical, Therapeutic and Bioengineering Sciences at the University of Southern California School of Dentistry. Dr. Schechter maintained a private endodontic practice for 21 year in Huntington Beach, California.

Tota Shimizu, DDS, MSD
Clinical Assistant Professor of Endodontics, Division of Surgical, Therapeutic and Bioengineering Sciences at the USC School of Dentistry. Dr. Shimizu also maintains a private practice limited to endodontics in Glendale, California.

Jack Brown, DDS, MSD
Clinical Associate Professor of Endodontics, Division of Surgical, Therapeutic and Bioengineering Sciences at the USC School of Dentistry, Los Angeles, California. Dr. Brown maintains a private practice in Beverly Hills, California.

Stanley Malamed, DDS
Professor of Anesthesia and Medicine at the USC School of Dentistry. He authored 3 widely used textbooks: Handbook of Local Anesthesia (5th ed. 2004), and Sedation – A Guide to Patient Management (4th ed. 2003).

Shimizu also maintains a private practice limited to endodontics in Glendale, California.

Jan O’Dell, DDS, BSc
Clinical Associate Professor of Endodontics, Division of Surgical, Therapeutic and Bioengineering Sciences at the University of Southern California School of Dentistry. Dr. O’Dell maintains a private endodontic practice in San Juan Capistrano, California.

Louis Schwarzbach, DMD
Clinical Assistant Professor of Endodontics, Division of Surgical, Therapeutic and Bioengineering Sciences at the USC School of Dentistry. Dr. Schwarzbach maintains a full time private endodontic specialty practice in Northridge, California.

Jack Brown, DDS, MSD
Clinical Associate Professor of Endodontics, Division of Surgical, Therapeutic and Bioengineering Sciences at the USC School of Dentistry, Los Angeles, California. Dr. Brown maintains a private practice in Beverly Hills, California.

Dan Kolzet, DMD
Clinical Assistant Professor of Endodontics, Division of Surgical, Therapeutic and Bioengineering Sciences at the USC School of Dentistry, Los Angeles. Dr. Levy practiced endodontics in Stockton, California for 23 years.

Jan O’Dell, DDS, BSc
Clinical Associate Professor of Endodontics, Division of Surgical, Therapeutic and Bioengineering Sciences at the USC School of Dentistry, Los Angeles. Dr. O’Dell maintains a private endodontic practice in San Juan Capistrano, California.

James Simon, BA, DDS
Professor and Director of Advanced Endodontics at the USC School of Dentistry. Formerly, Director of the Endodontic Residency at the VA Medical Center, Long Beach. Dr. Simon has published extensively in the endodontic literature.

Thomas Levy, DDS, MS (Clinic Director)
Assistant Professor of Clinical Endodontics, Division of Surgical, Therapeutic and Bioengineering Sciences at the USC School of Dentistry, Los Angeles. Dr. Levy practiced endodontics in Stockton, California for 23 years.

Samir Batniji, DDS, MS, Ed
Clinical Associate Professor of Endodontics at the University of Southern California School of Dentistry, Los Angeles, California. Dr. Batniji maintains private practices in Diamond Bar, San Dimas, Rancho Cucamonga and Fullerton, California.

Tota Shimizu, DDS, MSD
Clinical Assistant Professor of Endodontics, Division of Surgical, Therapeutic and Bioengineering Sciences at the USC School of Dentistry. Dr. Shimizu also maintains a private practice limited to endodontics in Glendale, California.

Ilan Rotstein, DDS (Course Director)
Professor of Endodontics and Chair, Surgical, Therapeutic and Bioengineering Sciences and Associate Dean for Continuing Oral Health Professional Education at the USC School of Dentistry. Dr. Rotstein has published extensively in the endodontic literature.

Samuel Oglesby, DDS
Former Associate Professor of Clinical Endodontics and Director of the Endodontic clinics, Division of Surgical, Therapeutic and Bioengineering Sciences at the University of Southern California School of Dentistry.

Jack Brown, DDS, MSD
Clinical Associate Professor of Endodontics, Division of Surgical, Therapeutic and Bioengineering Sciences at the USC School of Dentistry, Los Angeles, California. Dr. Brown maintains a private practice in Beverly Hills, California.
