Clinical and Biological Concepts of Modern Endodontics

2008

THE USC SEVENTH INTERNATIONAL ENDODONTIC SYMPOSIUM

USC Davidson Executive Conference Center
University Park Campus
Friday - Saturday, November 14 - 15, 2008
8:30 a.m. - 5:30 p.m.

Honoring
Dr. Al Frank & Dr. Dudley Glick
Dear Friends and Colleagues,

It gives us great pleasure to invite you to the Seventh International Endodontic Symposium of the University of Southern California School of Dentistry. Internationally renowned speakers from Argentina, France and the United States will present to you the most recent updates and advances in endodontics.

In this year’s symposium we will pay a special tribute to Drs. Al Frank and Dudley Glick. Al and Dudley were instrumental in shaping what is thought, what is taught and what is practiced in endodontics at USC and around the world. Both were legendary educators and international leaders in the field of endodontics who mentored and inspired many generations of students and oral health care professionals. A tribute in honor of Drs. Al Frank and Dudley Glick will be held at the opening ceremony of the symposium on Friday, November 14, 2008.

We look forward to welcoming you at our symposium.

Ilan Rotstein, DDS
Symposium Chair

James H. Simon, BA, DDS
Program Chair

Harold Slavkin, DDS (USA)
Dr. Slavkin is the G. Donald and Marian James Montgomery Professor of Dentistry and the Dean of the USC School of Dentistry. From 1995 - 2000 he served as the Director of the National Institute of Dental and Oral Research (NIDCR) of the National Institutes of Health. He is a Fellow of the American Association for the Advancement of Science and is a Member of the Institute of Medicine and National Academy of Sciences. He is Past-President of the American Association for Dental Research. Dr. Slavkin has received honorary doctorate degrees from the Univ. of Maryland, Univ. of Paris, Univ. of Connecticut, Univ. of New Jersey, Univ. of Montreal and Georgetown University.

Topic: The next frontier: Nanobiotechnology in clinical dentistry (Tribute Lecture)

Syngcuk Kim, DDS, PhD, MD (Hon.) (USA)
Dr. Kim is Chair of the Department of Endodontics and the Louis I. Grossman Professor of Endodontics at the University of Pennsylvania, School of Dental Medicine. He received his BA degree from Columbia University in 1972 and DDS degree from Columbia University School of Dental and Oral Surgery in 1976. In 1978, he received his certificate in Endodontics and in 1980, he received his PhD from Columbia University. Dr. Kim is Director of the Laboratory of Pulp Physiology and the Microscope Training Center at the University of Pennsylvania School of Dental Medicine. He has received many distinguished awards, among them the AAE’s Louis I. Grossman Award (1990), IADR’s Pulp Biology Award (1991), Honorary Medical Doctorate by the Karl Franz University, Graz, Austria (2002), Distinguished Alumni Award by the Columbia University School of Dental and Oral Surgery (2005) and the AAE’s Ralph Sommer Award (2006). Dr. Kim publishes extensively and has lectures frequently both nationally and internationally.

Topic: Endodontic microsurgery: Theory and practice

Nadia Chugal, DDS, MS, MPH (USA)
Dr. Chugal is Associate Clinical Professor and Director of the post-graduate residency program in Endodontics at the University of California Los Angeles (UCLA). She received her DDS degree as well as MS in Oral Biology and MPH in Public Health from UCLA, completed hospital-based General Practice Residency at IMMC in Chicago and received a certificate in Endodontics from the University of Connecticut. She was a research fellow and faculty member at UCSF until she joined UCLA as faculty. Dr. Chugal is Diplomat of the American Board of Endodontics and maintains a private practice limited to Endodontics. Her research interests include endodontic treatment outcomes and improving treatment prognosis.

Topic: Outcome assessment of endodontic treatment: What can we learn from prognosis studies?

John West, DDS, MSD (USA)
Dr. West received his DDS from the University of Washington in 1971 where he is an Affiliate Associate Professor. He received his MSD in endodontics from Boston University in 1975 where he is a clinical instructor and has been awarded the Outstanding Clinical Educator Award. He is the Founder and Director of the Center for Endodontics and currently serves as Associate Director of Endodontics at the Scottsdale Center for Dentistry. Dr. West coauthored Obturation of the Radicular Space with Dr. John Ingle in Ingle’s 1994 and 2002 editions of Endodontics and was senior author of Cleaning and Shaping the Root Canal with Drs. John Ingle and Charles Bass in Ingle’s 1994 and 1998 Pathways of the Pulp. He has recently authored Endodontic Predictability in Dr. Michael Cohen’s 2008 Quintessence text Comprehensive Treatment Planning: Principles of the Masters. Dr. West’s memberships include: 2009 President of the American Academy of Esthetic Dentistry and 2010 President of the Academy of Microscope Enhanced Dentistry, the Northwest Network for Dental Excellence, and the International College of Dentists. Dr. West is a Thought Leader for Kodak Digital Dental Systems and serves on the editorial advisory boards of the Journal of Advanced Esthetics and Interdisciplinary Dentistry, the Journal of Esthetic and Restorative Dentistry, Practical Procedures and Aesthetic Dentistry, and the Journal of Microscope Enhanced Dentistry.

Topic: Predictably successful endodontics in the 21st century: Are you prepared?

Parish Sedghizadeh, DDS, MS (USA)
Dr. Sedghizadeh is Assistant Professor of Clinical Dentistry at the USC School of Dentistry. He received his bachelor’s degree in biology from UCLA, D.D.S. degree from USC and specialty training in Oral and Maxillofacial Pathology for the University of Paris Student, where he attained an M.S. degree in oral biology and fellowship status in the American Academy of Oral and Maxillofacial Pathology. In Ohio, Dr. Sedghizadeh was awarded fellowship by the American Cancer Society for conducting research at the Arthur G. James Cancer Hospital and Richard J. Solove Research Institute, investigating the early molecular events involved in the progression of head and neck cancer. Dr. Sedghizadeh is a Diplomate of the American Board of Oral and Maxillofacial Pathology.

Topic: Odontogenic and non-odontogenic bone pathology of significance to the endodontist

Jean-Yves Cochet, DDS (FRANCE)
Dr. Cochet received his DDS from the University of Paris VII in 1984 and his endodontic training from the University of Paris VII in 1990. He has served as a Clinical Assistant Professor at the University of Paris VII from 1986 to 1990. He was teaching at the post-graduate program of endodontics directed by Dr. J. M. Laurichesse from 1990 to 1996. Since 1996, he has been teaching at the post-graduate program of Endodontics of Florida Southeastern University. He served as President of the French Endodontic Society from 1998 to 2000. Dr. Cochet has made numerous international presentations on endodontics, traumatology and endodontic surgery.

Topic: Sinus pathology: Endodontic considerations for surgical and non-surgical approaches

David Kelliny, DDS (USA)
Dr. Kelliny earned his DDS degree from Cairo University in 1992, DDS degree from USC School of Dentistry in 1998, and a certificate in Endodontics in USC in 2001. He currently is a Clinical Assistant Professor of Endodontics at the Division of Surgical, Therapeutic and Bioengineering Sciences at the USC School of Dentistry. Since 2002, Dr. Kelliny has been actively engaged in mentoring and lecturing on various aspects of Endodontics with special emphasis on surgical Endodontics. He maintains 2 private practices limited to Endodontics serving the South Bay and West Los Angeles. He has been integrating dental implants into his private practice since 2003. Dr. Kelliny is a member of the AAE, ADA, AIA and the International Congress of Implantology.

Topic: Implants in the endodontic practice: Clinical experiences and future directions

Marcela Fridland, DDS (ARGENTINA)
Dr. Fridland received her DDS degree from the University of Rosario, Argentina in 1994, a certificate in Endodontics in 1999 and a PhD degree in 2005. She held a teaching position in the Department of Endodontics at the University of Rosario between 1999-2000. Since 1998, Dr. Fridland has been a faculty member at the University of Rosario and the University of Buenos Aires. Dr. Fridland is an active member of the Argentinean Dental Association and an associate member of the American Association of Endodontists. She lectures frequently both nationally and internationally and has served on the editorial board of various journals. Dr. Fridland maintains a private practice limited to endodontics in Rosario, Argentina.

Topic: Treatment of complex endodontic cases with MTA: From science to practice

The USC Seventh International Endodontic Symposium - Registration Form

(Please cut or xerox page and send. Online registration at www.uscdentalce.org)
