THE USC SIXTEENTH INTERNATIONAL ENDODONTIC SYMPOSIUM

Clinical and Biological Concepts of Modern Endodontics

2017

Honoring the life of Dr. John I. Ingle

Radisson Midtown at USC
3540 S. Figueroa Street Los Angeles, CA 90007
Friday - Saturday, December 8 - 9, 2017
8:30 a.m. - 5:00 p.m.
dentalcontinuingeducation.usc.edu
Dear Friends and Colleagues,

It is our pleasure to invite you to the Sixteenth International Endodontic Symposium of the University of Southern California. Internationally renowned experts from Germany, Italy, and the United States will present the most recent advances in the field. The program includes updates on current hot topics in endodontics and advanced treatment modalities as well as an insight into the future of endodontics.

This International Symposium promises to be a most exciting event and will provide you, the clinician, with more relevant information and tools to bring you to the next level of excellence in delivering the best evidence-based endodontics to your patients.

We look forward to welcoming you at our symposium.

Ilan Rotstein, DDS
Symposium Chair

Rafael Roges, DDS
Director, Advanced Endodontics

Enrique Bimstein, DDS (USA)
Dr. Bimstein graduated from the Universidad Nacional Autónoma de México in 1970. He completed a fellowship in Pediatric Dentistry at the Hebrew University-Hadassah Hospital, Jerusalem, Israel in 1971. He served as faculty at the latter until 2002. He attended his sabbaticals in the United States, Canada, and New Zealand. Dr. Bimstein is editor of Periodontal and Gingival Health and Diseases. Children Adolescents and Young Adults. He has served as Professor of Pediatric Dentistry at the Hebrew University, and the Universities of Florida and Kentucky, and as Chief of the Division of Pediatric Dentistry, University of Kentucky 2011-2016. Currently, Dr. Bimstein is Assistant Dean for Interprofessional Education and Global Outreach at the University of Kentucky College of Dentistry.

Topic: Endodontic treatment in the pediatric and adolescent patient.

Michael Hülsmann, DDS, PhD (GERMANY)
Dr. Hülsmann is professor at the Department of Preventive Dentistry, Periodontology and Cariology at the University of Göttingen, Germany. He is Chief-Editor of the German journal Endodontie, and Associate Editor of the International Endodontic Journal. Dr. Hülsmann is member of the European Society of Endodontology (ESE) and the American Association of Endodontists (AAE).

Topic: Non-surgical retreatment of apicected teeth with persisting lesions.

Martin D. Levin, DMD (USA)
Dr. Levin is Adjunct Professor of Endodontics and Chair of the Dean’s Council at the University of Pennsylvania. He has served as Co-Chair of the Joint Special Committee on the Use of Cone Beam Computed Tomography, American Association of Endodontists (AAE) and the American Academy of Oral and Maxillofacial Radiology. Dr. Levin is currently appointed to the AAE’s Special Committee to Develop an Outcomes Consensus Conference. He is a contributor to the Pathways of the Pulp, and Ingle’s Endodontics, as well as the author of numerous book chapters and peer-reviewed articles. Dr. Levin earned his degree in dental medicine and completed his endodontic training at the University of Pennsylvania. He is a Diplomate of the American Board of Endodontics and is in private practice limited to endodontics in Chevy Chase, Maryland.

Stanley F. Malamed, DDS (USA)
Dr. Malamed graduated from the New York University College of Dentistry (1969) and completed a residency in anesthesiology at Montefiore Hospital and Medical Center in the Bronx, New York. He joined the faculty of the University of Southern California (1973), where he is currently Emeritus Professor of Dentistry. Dr. Malamed is a Diplomat of the American Dental Board of Anesthesiology, a recipient of the Heidebrink Award (1996) from the American Society of Anesthesiology and the Horace Wells Award from the International Federation of Dental Anesthesia Societies (1997). Dr. Malamed has authored more than 150 scientific papers and 17 chapters in various medical and dental journals and textbooks in the areas of physical evaluation, emergency medicine, local anesthesia, sedation and general anesthesia. In addition, Dr. Malamed is the author of three widely used textbooks, published by CV Mosby: Handbook of Medical Emergencies in the Dental Office (7th edition, 2014); Handbook of Local Anesthesia (6th edition, 2012); and Sedation - a guide to patient management (6th edition, 2017) and two interactive DVD’s: Emergency Medicine (2nd edition, 2008) and Malamed’s Local Anesthetic Technique DVD (2004) (edition 2, 2012).

Topic: Hot mandibular molar: Pain control in symptomatic irreversible pulpitis.
Domenico Ricucci, MD, DDS (ITALY)
Dr. Ricucci received his degree in General Medicine in 1982, and his DDS in 1985. His primary research interest relates to pulp and periapical tissue reactions to caries and treatment procedures, biofilms in endodontic infections, etiology of root canal treatment failure, and pulp regeneration/vascularization. Since 1998 he has operated his own histology laboratory. Dr Ricucci has published 86 papers and has lectured nationally and internationally. He has authored the textbook and atlas *Endodontology. An integrated biological and clinical view* and ten book chapters. He has maintained private dental practices limited to endodontics.  
**Topic: Regenerative endodontic procedures: Are we really regenerating the dentin-pulp complex?**

Harel Simon, DMD (USA)
Dr. Simon received his DMD degree from the Hebrew University, Jerusalem, Israel and his specialty certificate in advanced prosthodontics from UCLA School of Dentistry. He has conducted research, published and lectured nationally and internationally on esthetics and implant prosthodontics. He has been a featured speaker at the Academy of Osseointegration, Academy of Prosthodontics, American College of Prosthodontists, American Academy of Fixed Prosthodontics and the Pacific Coast Society of Prosthodontics. Dr. Simon has co-authored the 2nd edition of the bestseller book *Dental Implant Complications (Wiley-Blackwell)*. He currently serves on the editorial review board of various scientific publications including the Journal of Prosthetic Dentistry and Quintessence International. Dr. Simon practices in Beverly Hills, California and is a clinical associate professor at the Herman Ostrow School of Dentistry of USC. Dr. Simon can be reached at hsimon@usc.edu.  
**Topic: Restoration of the endodontically treated tooth.**

Fabricio B. Teixeira, DDS, MS, PhD (USA)
Dr. Teixeira is Professor and Chair of the Department of Endodontics at the University of Iowa. He obtained his endodontic certificate from the University of Texas at San Antonio where he served as Director of the Residency Program. Before moving to Texas, he served as Associate Professor at the UNC-Chapel Hill. Dr. Teixeira is Diplomate and Director of the American Board of Endodontics. He is Associate Editor of *Endodontic Topics, Evidence-Based Endodontics and Visual Endodontics*. He has lectured in the U.S. and internationally and has published extensively in peer-reviewed journals. He maintains private practice limited to endodontics in Iowa City.  
**Topic: Strategies for successful apical barrier approaches.**

Mahmoud Torabinejad, DMD, MSD, PhD (USA)
Dr. Torabinejad is a Professor of Endodontics and Director of Graduate Endodontics at Loma Linda University School of Dentistry in Loma Linda, California. He is the highest cited researcher in the field of endodontics and has made over 200 national and international presentations in more than 40 countries. In addition to co-authoring five textbooks in non-surgical and surgical endodontics as well as implant dentistry, he has authored over 350 publications on various endodontic and dental topics. He is Past President of the American Association of Endodontists.  
**Topic: Treatment options for failed root canal treated teeth.**
