★ Life-Long Tradition and Excellence ★
Dear Friends and Colleagues,

It is our pleasure to invite you to the Eleventh International Endodontic Symposium of the Ostrow School of Dentistry of USC. Internationally renowned experts from Belgium, Canada, and the United States will present the most recent advances in the field. The program includes updates on current hot topics in endodontics and advanced treatment modalities as well as an insight into the future of endodontics.

This International Symposium promises to be a most exciting event and will provide you, the clinician, with more relevant information and tools to bring you to the next level of excellence in delivering the best evidence-based endodontics to your patients.

We look forward to welcoming you at our symposium.

Jürgen Slots, DDS, DMD, PhD, MS, MBA (USA)

Dr. Slots is Professor of Dentistry and Microbiology at the Ostrow School of Dentistry of USC. He graduated from the Royal Dental College, Copenhagen, Denmark in 1989. In 1976 he completed his Postgraduate Education in Periodontology at the Royal Dental College in Copenhagen, and in 1977 obtained a Certificate in Microbiology from the Forsyth Dental Center, Boston, MA. He obtained a D.M.D. degree in 1987 and an M.B.A degree in 1989 from the University of Pennsylvania. Dr. Slots has served as Chair of the Dept. of Oral Biology at the University of Gothenburg in Sweden (1982-1996), Chair of Periodontology at the Ostrow School of Dentistry of USC (1991-2001) and Associate Dean for Research (1990-2000). Since 1991 he has served as Head of the Oral Microbiology Testing Laboratory.

**Topic:** Infectious etiopathogenesis of periodical lesions: The missing link.

Anil Kishen, BDS, MDS, PhD (CANADA)

Dr. Kishen graduated from a BDS from the Univ. of Madras, and a MDS in Endodontics & Operative Dentistry from the Tamilnad Medical College, Madras, India. He subsequently received his PhD in Biomedical Engineering from the Nanyang Technological University, Singapore. In 2008 he joined the National Univ. of Singapore as an Assistant Professor and was later promoted to a Tenured Associate Professor in the Department of Restorative Dentistry. In 2009 he moved to the Univ. of Toronto in Canada, where he is currently a Tenured Associate Professor in the Discipline of Endodontics. He has published over 100 peer-reviewed publications, and is a co-editor/author of several books/theses presented over 60 invited lectures worldwide. He is a recipient of many awards and honors including the Enterprise Challenge Innovation Award in Singapore. He has published 11 book chapters and has co-edited two books. He serves as an Associate Editor for the Journal of Endodontics, Endodontic Topics and BMC Microbiology.

**Topic:** Microbiological and mechanical issues in endodontically treated teeth: Nanotechnology solution to old problems.

Donna Mattscheck, DDS, M.D. (USA)

Dr. Mattscheck received her D.M.D. from the University of Kentucky in 1992. She completed a GPR at Northwestern Memorial Hospital and a Fellowship in Orofacial Pain at the University of Kentucky. She received her certificate in endodontics from the University of Iowa in 1998 and has been a diplomate of the AAE since 2000. She served as a pre-doctoral director of endodontics at the University of Minnesota for eight years. In 2001 she received the Oseesk young educator Award. Committee work includes the Educational Affairs and Regenerative Endodontics as well as others. Additionally, she served as treasurer of the AAE Foundation and their liaison to the Radiological and Scientific Affairs committees as chair of their scientific ambassador program. Dr. Mattscheck is currently a Director of the American Board of Endodontics, the only certifying board for the specialty of endodontics. She has given numerous invited presentations both in the U.S. and abroad and has co-authored a chapter in Pathways of the Pulp. She joined Advanced Endodontics in Tarzana, California in the fall of 2010.

**Topic:** The Great Pretenders: Strategies in understanding when pain is not of endodontic origin.

Christine I. Peters, DDS, Dr.med.dent. (USA)

Dr. Peters received her degree in dentistry from the University of Heidelberg, Germany, in 1992. She served as an assistant professor in the Department of Prosthetic Dentistry from 1992 till 1996. Christine then worked in the Department of Endodontics, University of Zurich, Dental school from 1997 till 2004 and completed her postgraduate endodontic training in 2001. She filled a two-year position at the University of the Pacific in San Francisco from 2001 till 2003. Since 2004 she has resumed her status at the Department of Endodontics, University of the Pacific, Dental School, as Associate Professor. Christine Peters teaches and lectures in the endodontic field, directs CE courses and participates in faculty practice. Dr. Peters has published in peer-reviewed journals and lectured both nationally and internationally. She serves on the review panel of several endodontic journals, including the Journal of Endodontics and the International Endodontic Journal, and is past president of the Northern California Academy of endodontics.

**Topic:** Soft tissue management in endodontic surgery.

Mahmoud Torabinejad, DMD, MSD, PhD (USA)

Dr. Torabinejad is a Professor of Endodontics and Director of Graduate Endodontics at Loma Linda University School of Dentistry in Loma Linda, California. Dr. Torabinejad is the highest cited researcher in the field of endodontics and has made over 500 national and international presentations in more than 40 countries. In addition to co-authoring three textbooks in nonsurgical and surgical endodontics as well as implant dentistry, he has authored over 300 publications on various endodontic and dental topics. He is Past President of the American Association of Endodontists.

**Topic:** Management of teeth with necrotic pulp and open apices.

Patrick Bogaerts, DDS (BELGIUM)

Dr. Bogaerts graduated from the Catholic University of Louvain in 1980. In 1988 he earned his Certificate in Endodontics from the French Endodontic Society with Professor Jean-Marie Lauchaise. After a mini residency in the Endodontic Department of the Veterans Administration Hospital Long Beach, California, with Professor James Simonson in 1982, he started the first clinical endodontics course in Belgium. In 1997 and 1998, he participated in the School of Dental Medicine, University of Pittsburgh, with Dr. James A. Wallace for training in Surgical Endodontics. He has been the President of the International Federation of Endodontic Associations (IFEA) since April 2012. Several of his works have been published in French, Dutch, German and English.

**Topic:** Endodontic retreatment: How far can we go?

Alan H. Gluskin, DDS (USA)

Dr. Gluskin graduated from the University of the Pacific School of Dentistry, San Francisco, California in 1972. He received his Endodontic Certification from Temple University in Philadelphia in 1976. Dr. Gluskin is currently Professor and Chairperson, Department of Endodontics, Arthur A. Dugoni School of Dentistry, University of the Pacific in San Francisco. He is a past president of the International Congress of Endodontists. He presently serves on the editorial boards of the Journal of Endodontics and the International Journal of Endodontics. He is co-editor of the textbooks Decision Making in Dental Treatment Planning and Practical Lessons in Endodontic Treatment.

**Topic:** What’s left when the endo is done?

George Bogen, DDS (USA)

Dr. Bogen maintains a private endodontic practice in Los Angeles, California. He received his dental degree in 1978 and his certificate in endodontics in 1979, both from USC. He lectures for the postgraduate departments at UCLA, NOVA University, Linda and the VA in Long Beach and is a former Clinical Assistant Professor of Endodontics at USC. He is the Past President of the Southern California Academy of Endodontists from 1993-1994. He currently serves as a member of the American Board of Endodontics. Dr. Bogen served as Treasurer of the American Academy of Endodontists and American Society of Endodontists and as President-Elect of the International Academy of Endodonzics. He presently serves as a member of the Education Committee and he is a member of the ADEA Education Relations Committee and a Diplomat of the American Board of Endodontists. He serves as the staff endodontist for the Dental Clinic at the USC/VA Medical Center in Long Beach and has served since 1998 as the chief endodontic provider for the Children’s Dental Health Clinic at the Long Beach Memorial Children’s Hospital. Dr. Bogen has published numerous research articles, textbook chapters and has lectured nationally and internationally.

**Topic:** Conservative restoration of endodontically treated teeth.

All speakers must disclose to the audience any proprietary, practical or personal interest of any nature or kind, in any product, service, source and/or company, or in any firm beneficially associated therewith that will be discussed or considered during their presentation. The Herman Ostrour School of Dentistry of USC does not view the evidence of these interests or use of imaging links as decreasing the value to participants.
