ENDODONTICS FROM A TO Z:
A HANDS-ON WORKSHOP FOR THE GENERAL PRACTITIONER

21 hours of Lectures
21 hours of Hands-On Experience

Ostrow School of Dentistry of USC
Friday - Sunday, 9:00 a.m. - 5:00 p.m.
June 7 - 9, 2013 (Part I)
June 21 - 23, 2013 (Part II)
Endodontics has gone through many exciting changes in the past several years. Recent advances in technology, materials and equipment have changed the way endodontics is practiced today. These advances have made it possible to efficiently perform successful endodontic treatment with improved precision, predictable results, and with much greater patient acceptance. This comprehensive state-of-the-art course includes series of seminars and hands-on workshops specially designed for General Dentists who wish to advance their knowledge and clinical skills in the art and science of endodontics. A team of endodontic specialists from the Ostrow School of Dentistry of USC will thoroughly discuss evidence-based clinical and biological concepts of modern endodontic therapy. These experts will walk you, from start to finish, through all the necessary steps and phases that will enable you to enhance the way you practice endodontics so you can provide the best standards of endodontic care to your patients.

During the 3-day hands-on part of this course you will have the opportunity to apply the principles discussed by the USC team of experts and practice in one of the most advanced facilities in California. You will perform endodontic treatment from start to finish in both single-rooted and multi-rooted teeth and will also practice endodontic retreatment.

Without doubt, this course will be a complete learning experience!

Ilan Rotstein, DDS (Course Director)
Professor of Endodontics and Chair, Division of Endodontics, Oral & Maxillofacial Surgery and Orthodontics and Associate Dean of Continuing Education at the Ostrow School of Dentistry of USC. Dr. Rotstein has published extensively in the endodontic literature and has lectured nationally and internationally.

Jan O’Dell, DDS, BSc
Clinical Associate Professor of Endodontics, Division of Endodontics, Oral & Maxillofacial Surgery and Orthodontics at the Ostrow School of Dentistry of USC. Dr. O’Dell maintains a private endodontic practice in San Juan Capistrano, California.

Daniel Schechter, DDS
Assistant Professor of Clinical Endodontics, Division of Endodontics, Oral & Maxillofacial Surgery and Orthodontics at the Ostrow School of Dentistry of USC. Dr. Schechter maintains a private endodontic practice for over 20 years in Huntington Beach, California.

Samir Batniji, DDS, MS, Ed
Clinical Associate Professor of Endodontics at the Ostrow School of Dentistry of USC. Dr. Batniji maintains private endodontic practices in Diamond Bar, San Dimas, Rancho Cucamonga and Fullerston, California.

Louis Schwarzbach, DMD
Clinical Assistant Professor of Endodontics, Division of Endodontics, Oral & Maxillofacial Surgery and Orthodontics at the Ostrow School of Dentistry of USC. Dr. Schwarzbach maintains a full time private endodontic specialty practice in Northridge, California.

Anthony T. Tran, DDS
Clinical Assistant Professor of Endodontics, Division of Endodontics, Oral & Maxillofacial Surgery and Orthodontics at the Ostrow School of Dentistry of USC. Dr. Tran maintains a private practice limited to Endodontics in Fresno, California. He is a Diplomate of the American Board of Endodontics.

Yaara Berdan, DDS
Clinical Assistant Professor of Endodontics, Division of Endodontics, Oral & Maxillofacial Surgery and Orthodontics at the Ostrow School of Dentistry of USC, Los Angeles. She obtained her DDS degree from the University of California at San Francisco (UCSF) and her endodontics certificate from the University of Illinois at Chicago in 2000.

Additional instructors will be present during the hands-on workshops to enhance participants clinical experience.

All speakers must disclose to the audience any proprietary, financial or other personal interest of any nature or kind, in any product, service, source and/or company, or in any firm beneficially owning interests in any such enterprise. The Ostrow School of Dentistry of USC does not view the existence of these interests or uses as implying bias or decreasing the value to participants. The Ostrow School of Dentistry of USC, along with ADA CERP, feels that this disclosure is important for the participants to form their own judgment about each presentation.

Topics to be covered:
- Canal length determination including electronic apex locators
- Canal irrigation and intracanal medication
- Procedural errors and their prevention
- Root canal obturation techniques
- Management of calcified canals
- Use of ultrasonics to facilitate treatment
- Endodontic retreatment
- Endodontic-periodontal interrelationships
- Endodontic emergencies
- Achieving better success in endodontic cases
