Take any 3 CE courses between January and December 2012 and receive another course for FREE.

3 + 1 Free CE Program

Ostrow School of Dentistry of USC is an ADA CERP recognized provider

CA Board Approved Program

★ Life-Long Tradition and Excellence ★
Upon completion of this course participants should be able to:

- Understand the anatomic and physiologic differences between the child dental patient and adult
- Describe the indications, contraindications, advantages and disadvantages of inhalation sedation with N2O-02 in the pediatric patient
- Discuss the appropriate use of N2O-02 in combination with oral sedation
- Understand the indications, contraindications, advantages and disadvantages of oral moderate sedation in the pediatric patient
- Discuss commonly orally-administered CNS-depressants recommended for use in pediatric OMS and describe the pharmacologic actions of these drugs on the CNS, respiratory system, and cardiovascular system
- Outline the protocol for a pediatric OMS appointment
- Determine the maximum recommended dosage of local anesthetic agents in pediatric dental patients
- Describe the monitors employed during pediatric OMS
- Describe the record keeping required for pediatric OMS
- List the criteria for discharge from the dental office of the pediatric patient receiving OMS
- Diagnose and manage oversedation and the unconscious patient
- Describe the ASA Physical Status Classification System giving examples of each category
- Diagnose and treat the medical emergency situations mandated by the Dental Board of California

All speakers must disclose to the audience any proprietary, financial or other personal interest of any nature or kind, in any product, service, source and/or company, or in any firm beneficially associated therewith that will be discussed or considered during their presentation. The Herman Ostrow School of Dentistry of USC does not view the existence of these interests or uses as implying bias or decreasing the value to participants. The Herman Ostrow School of Dentistry of USC, along with ADA CERP, feels that this disclosure is important for the participants to form their own judgment about each presentation.
