Registration Fees
Before December 15, 2016
Dentist: $265
Auxiliary: $225
After December 15, 2016
Dentist: $315
Auxiliary: $270
On-Site Registration
Dentist: $355
Auxiliary: $300

Fees include course material, continental breakfast and refreshments during breaks.

Refunds are granted only if a written cancellation notification is received at least 21 days before the course. 50% of the tuition minus processing fee will be refunded if cancellation occurs within 14 days before the course. No refund is granted if cancellation occurs after 14 days before the course. A $75 fee is withheld for processing. For additional registrations, xerox this form and send.

Upcoming Courses

CONTEMPORARY APPROACH TO DIAGNOSIS, TREATMENT PLANNING AND THERAPY IN PERIODONTICS
Friday, December 2, 2016

FOCUS ON THE MAXILLARY SINUS: LECTURE & CADAVER HANDS-ON WORKSHOPS
Saturday, December 10, 2016

IMPLANT THERAPY FOR EDENTULOUS PATIENTS
Saturday - Sunday, December 10 - 11, 2016

LEARNING IMPLANT DENTISTRY FOR THE RESTORATIVE DENTIST
Part I: Saturday, January 21, 2017
Part II: Saturday, April 1, 2017

ORAL SURGERY FOR THE GENERAL PRACTITIONER
Saturday, January 21, 2017

FUNDAMENTAL PRINCIPLES OF RESTORATIVE IMPLANT DENTISTRY FOR THE SINGLE MISSING TOOTH
Part I - Lecture: Friday, January 27, 2017
Part II - Hands-On: Saturday, January 28, 2017

ADULT AND PEDIATRIC ORAL CONSCIOUS SEDATION RECERTIFICATION PROGRAM
Day I - Adult Oral Conscious Sedation: Saturday, January 28, 2017
Day II - Pediatric Oral Conscious Sedation: Sunday, January 29, 2017

TEMPOROMANDIBULAR DISORDERS: FROM CAPSULITIS TO ARTHRITIS (WEBINAR AVAILABLE)
Friday, February 3, 2017

A SIMPLE TWO-STEP TREATMENT OF SEVERE PERIODONTITIS, AND MORE!
Saturday, February 4, 2017

THE 42ND ANNUAL USC INTERNATIONAL PERIODONTAL AND IMPLANT SYMPOSIUM
Cadaver Workshop (Zadeh): Wednesday, February 8, 2017
Cadaver Workshop (Roccuzzo): Thursday, February 9, 2017
General Sessions: Friday - Saturday, February 10 - 11, 2017
Dental Hygiene Forum: Saturday, February 11, 2017
Dental Hygiene Hands-On: Saturday, February 11, 2017
Cadaver Workshop (Gil & Min): Sunday, February 12, 2017
Cadaver Workshop (Vercellotti): Sunday, February 12, 2017

3 + 1 Free CE Program
The More You Learn, The More You Earn!
Take any 3 CE courses between January and December 2017 and receive another course for FREE.

Life-Long Tradition and Excellence ★
Porcelain veneers have become a popular procedure. However, without comprehensive and sequential esthetic evaluation, diagnosis, material selection, treatment plan and execution, the successful outcome is compromised. Supragingival dentistry techniques have made this procedure easier and more predictable than ever before. Dr. Ruiz will explain how correct preparation technique affects the selection of restorative porcelain material, based on specific case needs. He will also show how to achieve adequate balance of translucency and strength needed for excellent margin blending for supragingival or para-gingival margins. A logical approach for choosing the correct cement and bonding systems for predictable results will also be presented.

Additionally, to predictably achieve patient satisfaction, it is imperative to have excellent communication with the patients, understand their unique esthetic perspective and goals, and systematically blend it with the operator’s esthetic preferences and goals. Furthermore, before any case is initiated, it is imperative to properly diagnose the etiology of the condition requiring esthetic treatment. It is crucial to diagnose “occlusal disease” as it is often a major cause of a shorter life span of restorations.

In this course, a practical clinical approach to implement smile design and occlusion to diagnosis and treatment planning of porcelain veneers will be presented.

Upon Completion of the Course
Participants Will:
- Know how to safely restore severely worn out incisal edges
- Recognize the importance of diagnosis of occlusal disease and its correlation with long lasting restorations
- Understand supra-gingival veneer preparation techniques
- Recognize the symptoms of occlusal disease and their relationship with longevity of porcelain veneers
- Know how to choose the correct restorative porcelain material for each specific case
- Understand what substrate is most suitable for long-term bonding stability and how to better bond to each substrate
- Be able to select bonding systems and techniques yielding better long-term results
- Know the 25 parameters of dento-facial of smile design

Testimonials
“Best course on veneers so far. I look forward to attending more of his courses in the future.”

“Informed. Very well prepared and organized. Willing to share all of his experience.”

“Dr. Ruiz is one of my favorite speakers here at USC.”

“The informational content was top notch. Dr. Ruiz’s passion is infectious!”
