In this 10-day interactive course you will:
• Learn how to use the “Dento-facial Diagnosis system” to achieve consistently beautiful smiles, not just beautiful teeth.
• Understand and manage occlusion to enhance esthetic success
• Use articulator and face bow to obtain excellent occlusal records
• Communicate porcelain color and anatomy to the laboratory
• Carry out treatment plan and perform esthetic porcelain veneers, using the right porcelain, bonding system and cement
• Perform a smile design
• Understand and perform posterior all porcelain restorations
• Learn and perform layering techniques for esthetic and functional anterior and posterior composites
• Inspire your team and your patients for esthetic dentistry
• Learn the latest on periodontal plastic surgery and esthetic implant placement

Experience over 30 hours of hands-on participation in the state-of-the-art USC Simulator Laboratory
And much, much more...

Testimonials:
• One of the best program offered. Wonderful learning experience.
• Personable and knowledgeable speakers, always very helpful!
• I will definitely recommend this program to my friends and colleagues.

Learn the Latest in Adhesive Dentistry
USC Esthetic Dentistry Continuum 2007 is a comprehensive state-of-the-art series of seminars and hands-on workshops specially designed to advance the knowledge and skills of the 21st century dental practitioners and their team in the art and science of Esthetic Dentistry. Word-renowned specialists will share with you their professional secrets and expertise in order to take your practice to the next level of excellence ensuring oral health and esthetics.

For your convenience this course is divided into 3 Modules. We encourage you to take all three modules so you can benefit fully from this continuum. You may also take each module separately and enjoy the program that best fits your educational needs. The three modules are as follows:

Module 1: Friday - Sunday, April 27 - 29, 2007: Diagnosis & Treatment Planning for Esthetic Dentistry

Module 2: Friday - Sunday, May 25 - 27, 2007: Anterior Direct and Indirect Esthetics Restorations

Looking forward to seeing you in this course.
