THE USC SEVENTEENTH INTERNATIONAL ENDODONTIC SYMPOSIUM

Clinical and Biological Concepts of Modern Endodontics

2018

Radisson Midtown at USC
3540 S. Figueroa Street Los Angeles, CA 90007
Friday - Saturday, November 30 - December 1, 2018
8:30 a.m. - 5:00 p.m.
dentalcontinuingeducation.usc.edu

★ Life-Long Tradition and Excellence ★
Dear Friends and Colleagues,

It is our pleasure to invite you to the Seventeenth International Endodontic Symposium of the University of Southern California. Internationally renowned experts from Norway, Switzerland, and the United States will present the most recent advances in the field. The program includes updates on current hot topics in endodontics and advanced treatment modalities as well as an insight into the future of endodontics.

This International Symposium promises to be a most exciting event and will provide you, the clinician, with more relevant information and tools to bring you to the next level of excellence in delivering the best evidence-based endodontics to your patients.

We look forward to welcoming you at our symposium.

Ilan Rotstein, DDS
Symposium Chair

Rafael Roges, DDS
Director, Advanced Endodontics

Gilberto Debelian, DMD, PhD (NORWAY)

Dr. Debelian has completed his specialization in Endodontics of the University of Pennsylvania, USA in 1991 and received the Louis I. Grossman student award in Endodontics. He has taught as a clinical instructor and Associate Professor at the endodontic program, University of Oslo (UJO), Norway, from 1991 to 2010. He concluded his PhD studies at UJO in 1997 and received two scientific awards from the European Society of Endodontology (ESE) and from the Norwegian Dental Association in the same year. He is an Adjunct Visiting Professor at the post-graduate programs in endodontics at the University of Pennsylvania and University of North Carolina. Dr. Debelian maintains a private practice limited to endodontics as well as an advance endodontic microscopy center (ENDO INN) in Norway. Dr. Debelian has authored 6 textbook chapters and one book in Endodontics and published more than 80 scientific and clinical papers.

Topic: 3D cleaning and shaping in endodontics: Clinical applications and research.

Mohamed I. Fayad, DDS, MS, PhD (USA)

Dr. Fayad received his DDS from the College of Dentistry, Cairo University, Master’s in Oral Sciences from the University of Buffalo, New York, and his PhD as a joint supervision between both universities. He received his endodontic training at the College of Dentistry at UIC. Currently, he is the director of endodontic research, and a clinical associate professor in the Endodontic department at the College of Dentistry at UIC. He served on the AAE Research and Scientific Affairs Committee and co-chaired the AAE/AAOMR committee drafting the joint position statement on CBCT (2015). He has published numerous publications and chapters in peer reviewed journals and textbooks (Pathways of the pulp) and (Contemporary surgical Endodontics). He is the co-editor of the CBCT text book (3-D Imaging in Endodontics: A new Era in diagnosis and treatment) by Springer (2016). He is a Diplomate of the American Board of Endodontics and gave numerous presentations nationally and internationally.

Topic: Cracking the cracked tooth code with CBCT Imaging.

Wm. Ben Johnson, DDS (USA)

Dr. Johnson attended the University of Tulsa from 1962-1965. He received his DDS in 1969 and Endodontic Certificate in 1973 from Baylor University. He is a member of the ADA, AAE, ODA, American College of Dentists and the International College of Dentists. Dr. Johnson is the Founder of Tulsa DentalProducts. He has been instrumental in developing and improving products for the advancement of the endodontic community. Dr. Johnson has received the AAE President’s Award, and Philanthropist of the Year Award, Oklahoma Inventor of the Year Award, French Society of Endodontists Louis I. Grossman Award and the University of Tulsa Distinguished Alumni Award.

Topic: Debridement: The crux of endodontic therapy.

Louis M. Lin, BDS, DMD, PhD (USA)

Dr. Lin graduated from the Chung Shan Medical University School of Dentistry, Taiwan. He then continued to the University of Tokyo University Hospital, Japan to receive postgraduate training in Oral Surgery. He continued to pursue graduate study in Pathology at the University of Oklahoma Medical Center and obtained a PhD degree in Pathology. He completed an Oral Pathology residency at Louisiana State University School of Dentistry. Dr. Lin received a Doctor of Dental Medicine degree from Rutgers University School of Dentistry in New Jersey. He also completed Postgraduate Education in Endodontics at the University of Connecticut School of Dental Medicine. Dr. Lin has been Director of Postgraduate Education in Endodontics at Rutgers University School of Dentistry, UCLA, and New York University College of Dentistry. He has also been Chair of the Department of Endodontics at Rutgers University School of Dentistry and UCLA. He is a Diplomate of the American Board of Endodontics. Dr. Lin published more than 100 peer reviewed publications and several chapters in endodontics-related books. He is the Editor-in-Chief of two journals and served on Editorial Boards of 16 journals. He maintains a private practice limited to endodontics in New Jersey.

Topic: Treatment of mature permanent teeth with irreversible pulpitis: A long forgotten vital pulp therapy.
Ove Peters, DDS (USA)
Dr. Peters is currently a co-Chair and Director of the Advanced Education Program in Endodontology at the Arthur A. Dugoni School of Dentistry in San Francisco. He received his postgraduate education in endodontics at the University of Zurich as well as at UCSF and is a Diplomate of the ABE. Dr. Peters has published more than 150 manuscripts and abstracts related to endodontic technology and biology. He received the Hans Genet Award of the European Society of Endodontology and more recently the Louis I. Grossman Award of the American Association of Endodontists.

**Topic: Endodontic Biology: What have we learned in a decade of pulp regeneration?**

Parish P. Sedghizadeh DDS, MS (USA)
Dr. Sedghizadeh is an Associate Professor of Clinical Dentistry at the University of Southern California (USC), Herman Ostrow School of Dentistry, and Director of the USC Center for Biofilms. He is also the Section Chair of Diagnostic Sciences, and the Director of the Oral Pathology and Radiology Hybrid Program. Dr. Sedghizadeh conducts research, publishes, consults, and teaches oral and maxillofacial pathology, radiology, and medicine with an active clinical practice. He has over 80 peer-reviewed publications, and his research laboratory and clinical research projects at USC focus on the characterization and treatment of microbial biofilm infections, particularly jaw osteomyelitis and osteonecrosis where he has developed novel bone-targeted antimicrobial therapeutics.

**Topic: Endodontic considerations of medication-related osteonecrosis of the jaw.**

Christine M. Sedgley, BDS, MDS, MDSc, PhD, FRACDS, MRACDS (USA)
Dr. Sedgley is Professor and Chair of Endodontology at the Oregon Health and Science University in Portland, Oregon. She received her BDS, MDS, MDSc (Endodontics), FRACDS and MRACDS (ENDO) qualifications in Australia. She earned her PhD in oral microbiology from the University of Hong Kong, and received her advanced specialty education certificate in endodontics from the University of Michigan. She is a Diplomate of the American Board of Endodontics. She has more than 60 research and chapter publications and has participated in over 150 continuing education and research presentations worldwide. Dr. Sedgley is an Associate Editor of the Journal of Endodontics.

**Topic: Has bioinformatics changed how we treat root canal infections?**

Thomas von Arx, Prof. Dr. med.dent. (SWITZERLAND)
Dr. von Arx graduated in 1980 from the University of Bern, Switzerland. He specialized in Oral Surgery. He spent a research year at UTHSC in San Antonio, Texas in 1999 (Dept. of Periodontics). Thereafter, he joined the Dept. of Oral Surgery and Stomatomology, University of Bern, Switzerland. Dr. von Arx became Associate Professor at the same department in 2008. Recently, he spent a 6-month sabbatical at the Department of Anatomy, University of Hawaii, Honolulu. Dr. von Arx has lectured in five continents and has authored and co-authored 190 papers and book chapters. His main area of clinical research is “Apical Microsurgery”. Dr. von Arx is the author of “Clinical Oral Anatomy”, a book published in 2017 by Springer.

**Topic: Apical surgery: Inspection and management of the cut root face.**

*All speakers must disclose to the audience any proprietary, financial or other personal interest of any nature or kind, in any product, service, source and/or company, or in any firm beneficially associated therewith that will be discussed or considered during their presentation. Herman Ostrow School of Dentistry of USC does not view the existence of these interests or uses as implying bias or decreasing the value to participants. Herman Ostrow School of Dentistry of USC, along with ADA CERP, feels that this disclosure is important for the participants to form their own judgment about each presentation.*

*Participants are cautioned about the potential risks of using limited knowledge when integrating new techniques into your practices.*

*This course is intended for endodontists, general practitioners, and any other specialist in dentistry who are interested in endodontic-related topics.*

**The USC Seventeenth International Endodontic Symposium - Registration Form**

**Radisson Midtown at USC**
3540 S. Figueroa Street Los Angeles, CA 90007

**FIRST NAME ________________________________**

**LAST NAME ________________________________**

**TITLE ________________________________**

**ADDRESS ___________________________________________________________**

**CITY __________________ STATE ______ ZIP ________________**

**PHONE ( ) _______________ - ________________**

**FAX ( ) _______________ - ________________**

**E-MAIL ________________________________**

☐ MASTERCARD ☐ VISA ☐ CHECK ENCLOSED

**CARD NUMBER ___________________________________________________________**

**EXPIRATION DATE ________________________________**

**TOTAL PAYMENT $ ________________________________**

**Registration Fees**

**Before November 1, 2018**

- Dentist: $525
- Auxiliary: $475

**After November 1, 2018**

- Dentist: $625
- Auxiliary: $575

**At the door**

- Dentist: $695
- Auxiliary: $645

**14 Hours of Continuing Education**

Refunds are granted only if a written cancellation notification is received at least 14 days before the course. 50% of the tuition minus processing fee will be refunded if cancellation occurs within 7 days before this course. No refund is granted afterwards. A $60 fee is withheld for processing. For additional registrations, xerox this form and send.

**Please make checks payable and mail to**
