Dr. J. Craig Baumgartner, an internationally renowned expert in endodontics and trauma, will present on the topic of traumatic injuries and their treatment.

Kishor Gulabivala, a recognized leader in endodontics, will discuss updates on current hot topics in endodontics.

Pierre Machtou, a respected professor and researcher, will provide an overview of root canal treatment outcomes.

J. Craig Baumgartner, DDS, MS, PhD (USA)
Dr. Baumgartner received a BS in Pharmacy from the University of Wisconsin, a DDS from the University of Minnesota, an MS in Oral Biology from George Washington University, and a PhD in Microbiology/Immunology from the University of Maryland. He is a Diplomate and Past President of the American Board of Endodontics. He is currently Professor Emeritus at the Oregon Health and Science University. He has published over 100 articles and was honored with the prestigious Louis J. Grossman Award for cumulative publication of significant research studies by the American Association of Endodontists at their Annual Meeting in 2010.

Dr. Baumgartner has been an active member of a number of professional organizations and has contributed extensively to the field of endodontics through his research, teaching, and publications. He has authored numerous book chapters and articles on endodontic topics, and has served on the editorial boards of several dental journals.

Robert S. Roda, DDS, MS (USA)
Dr. Roda graduated from the Faculty of Dentistry at Dalhousie University in Halifax, Canada in 1981 and maintained a full-time private general practice in Dartmouth, Nova Scotia for ten years. He returned to school at Baylor College of Dentistry in Dallas Texas, and received his Masters of Science (Oral Biology) and Certificate in Endodontics in 1993. He became a Diplomate of the American Board of Endodontics in 1998. Dr. Roda has published and lectured internationally, most recently co-authoring the chapter on non-surgical retreatment in the 10th edition of “Pathways of the Pulp.” He is an Adjunct Assistant Professor at Baylor, Immediate Past-President of the American Association of Endodontists, and an active member of the American Dental Association. Dr. Roda is an Associate Editor of the Journal of Endodontics, and also serves as the Endodontic Consultant to the Arizona State Board of Dental Examiners. He maintains a private practice limited to Endodontics in Scottsdale, Arizona.

Topic: Non-surgical retreatment

Ziv Simon, DMD, MSc (USA)
Dr. Simon is a Diplomate of the American Board of Periodontology and a Fellow of the Royal College of Dentists of Canada. He publishes and lectures nationally and internationally on regenerative endodontics and computer-guided implant dentistry. Dr. Simon is the founder of the Beverly Hills Multidisciplinary Dental Study Group and the president of the Beverly Hills Academy of Dentistry. He maintains a private practice limited to periodontics and dental implants in Beverly Hills, California. Dr. Simon is the creator of SurgeonGuide and a surgical training program for dentists.

Topic: Crown lengthening and management of soft tissues for successful results

Berdanette Jaeger, DDS (USA)
Dr. Jaeger is Associate Professor in the Department of Anesthesiology, UCLA School of Medicine and the Section of Oral Medicine and Orofacial Pain, UCLA School of Dentistry. She is Chair of the Oral Exam Committee of the American Board of Orofacial Pain, having been actively involved in both written and oral examination development since the Board’s Inception in 1994. Dr. Jaeger developed and directed both a post MD/DDS fellowship training program and a patient care program for chronic head and neck pain at the UCLA Pain Management Center. She is currently involved in the development of a new fellowship program in Orofacial Pain, Trauma, and Temporomandibular Disorders.

Dr. Jaeger has made substantive original contributions in the field of pain management, publishing numerous frequently cited, peer-reviewed articles and several book chapters, including the “Overview of the Head and Neck Region” in the second edition of Travell and Simons’ “Myofascial Pain and Dysfunction, The Trigger Point Manual”. She also speaks on the popular chapter on Non-odontogenic Toothache and Chronic Head and Neck Pain in Ingle’s gold standard “Endodontics” textbook. Dr. Jaeger has lectured nationally and internationally and is well known for her expertise in myofacial pain.

Topic: Non-odontogenic Toothache

Anibal R. Diogenes, DDS, MS, PhD (USA)
Dr. Diogenes received his DDS from the Federal University of Pernambuco in Brazil, his M.S. in Molecular Biology from the University of Nebraska, and his Ph.D. in Pharmacology and Certificate in Endodontics from the University of Texas Health Science Center at San Antonio. Dr. Diogenes is an assistant professor and Director of the Advanced Education Program in Endodontics at the University of Texas Health Science Center at San Antonio. He maintains a private practice limited to endodontics. His areas of research include pain, neuroscience and regenerative endodontics. In addition, he is an Associate Editor for the Journal of Endodontics, President of the International Association for Dental Research Pulp Biology and Regeneration Group, and a Diplomat of the American Board of Endodontics.

Topic: Expected outcomes in regenerative endodontics

The USC Fourteenth International Endodontic Symposium - Registration Form
Millennium Biltmore Hotel Los Angeles. 506 South Grand Avenue. Los Angeles, CA 90071-2607
For hotel stay, please call 213.612.1575 for reservation (mention code: 151ENDO / USC 14th International Endodontic Symposium)

Registration Fees
Before November 1, 2015
Dentist: $495
Auxiliary: $420

After November 1, 2015
